

Wireless Clearance Light Backup Camera

RVS-CL-W

REAR VIEW
SAFETY
A Safe Fleet Brand

This universal wireless clearance light backup camera can mount to any flat surface at the back of a vehicle. Ideal for RV's, the camera mounts in the center of the vehicle towards the top and provides a 150° viewing angle of the road and hitch. The RVS-CL-W can be connected to the RVS-2CAM or RVS-4CAM wireless systems. The wireless transmitter works at a range of 70 feet. The backup camera is SAEJ2042 (FEB 2014) and SAEJ592 (MAR 2009) approved, completely waterproof with an IP68 rating and provides excellent night vision with 8 infra-red lights. Note: The transmitter is not waterproof and must be mounted in a waterproof area.
